Space doesn’t have to be a limiting factor when it comes to making a DIY, public-use bicycle repair area. The Wall Mount Work Stand is a super tough, wall-mounted option for providing access to the most commonly used bicycle repair tools. When paired with a manual or Electric Pump, you’ve got a super space-efficient DIY bicycle repair area that cyclists will love!

**Product Specifications**
- Optional galvanized Wall Plate to protect the wall from tool strikes and meets ADA compliance
- Designed for Indoor or Outdoor use
- Wall mount design; small footprint is perfect for small spaces
- Pairs perfectly with manual or Electric Public Bike Pump
- Tools securely attached by braided stainless steel cables
Wall Mount Work Stand

Recommended Setbacks

The Wall Mount Work Stand is very versatile in where it can be installed. We recommend that it is placed in a location that allows a bicycle to access it either perpendicular or horizontal to the wall.

Tools Included

- Philips & standard screwdrivers
- Steel core tire levers (2)
- Headset/pedal wrench
- 8/10mm cone wrench
- 9/11mm cone wrench
- Torx T-25
- Hex key set
